

# Brandon Chung

Atlanta, GA | (678)488-6447 | brandontochung@gmail.com | Portfolio: [brandxnchung.netlify.app](https://brandxnchung.netlify.app)

## EDUCATION

---

### Georgia State University

Master of Science in Computer Science

Atlanta, GA

Fall 2025 – Spring 2027

### Georgia State University

Bachelor of Science in Computer Science

Atlanta, GA

Graduated Dec 2024

- President's List 2022, 2023 (4.00+ GPA), Dean's List 2024 (3.50+ GPA)
- Cumulative GPA: 3.80/4.00
- Programming Club Member, Asian American Student Organization (AASO) Member, Valorant eSports Student Club Co-Founder

**Relevant Coursework:** Data Structures, System-Level Programming, Computer Org & Programming, Probability & Stats, Mobile App Development, Web Programming, Design & Analysis: Algorithms, Software Engineering, Operating Systems, Mobile Comp & Wireless Net, and Machine Learning

## WORK EXPERIENCE

---

### Shopify Web Developer

Freelance

Remote

Sep 2024 – Dec 2024

- Developed custom storefront features using Liquid, HTML, and CSS.
- Built and maintained a small clientele by delivering feature enhancements based on individual client requests.
- Self-taught the Shopify platform and interface in one month to begin delivering production-ready solutions.

## PROJECT EXPERIENCE

---

### Desktop Website Portfolio

Frontend Developer

Atlanta, GA

Jun 2025 – Aug 2025

- Engineered an interactive desktop-style portfolio website using JavaScript, HTML, and CSS.
- Implemented modular JavaScript architecture to handle window management.
- Developed an embedded Dino Game clone with collision detection, scoring, and cross-platform input.
- Added audio feedback effects to enhance user interaction.

### PDF Q&A App

Full Stack Developer

Atlanta, GA

Jun 2025 – Aug 2025

- Built a desktop app to query PDFs using Python and local LLMs via LangChain.
- Parsed PDFs and embedded content using FAISS and Ollama embeddings for semantic search.
- Created a custom GUI using customtkinter, supporting chat history, pdf file uploads, and multithreaded querying.

### Web Crawler & Graph Analysis

Backend Developer

Atlanta, GA

Aug 2025 – Sep 2025

- Developed a Python-based web crawler to automatically extract and map internal links from websites.
- Built an adjacency matrix representation of site structure to analyze page connectivity.
- Implemented an edge list and GraphML export for use in visualization tools such as Gephi.
- Automated data collection and transformation workflows, improving efficiency for SEO analysis, research, and web structure visualization.

### Food Delivery Mobile App

Mobile App Developer

Atlanta, GA

Jun 2024 – Jul 2024

- Led a team of 3 in the development of a cross-platform food delivery app using Flutter.
- Designed the application wireframes and UI flow using Figma.
- Managed version control and collaboration using GitHub.

## Machine Learning Classification & Estimation

Atlanta, GA

*ML/AI Research*

Sep 2024 – Dec 2024

- Developed a Python script to classify test data using labeled training datasets.
- Applied classification algorithms and implemented imputation strategies to handle missing data.
- Achieved a 30% increase in accuracy through algorithm optimization and performance testing.
- Utilized libraries including pandas, numpy, and scikit-learn for data handling and modeling.

## ADDITIONAL

---

**Technical Skills:** Advanced in Python, JavaScript, HTML/CSS, PHP, TypeScript, Git, MySQL, SQL, Data Structures; Proficient in C, Liquid, Dart, C#.
